The University High School's Gifted Students' Program, the Acceleration Program, which commenced in 1981, is the longest running and most stable program in Australia. It has become an integral element of the school's culture and community.

The Acceleration Program at The University High School is designed to:

- *Challenge:* The subjects studied are sufficiently advanced and delivered at a pace to sustain interest and challenge the learners in the program.
- *Offer Breadth and Depth:* Students are given the opportunity to undertake a range of subjects across the domain areas and are encouraged to explore special areas of interest to a high level of expertise.
- *Provide Complexity:* The curriculum reflects the capacity of learners to engage in abstract thinking and conceptualisation to a high level.

In 2014, the following selection procedures will be used to identify students for the 2015 Year 7 intake:

1. Test administered by EduTest on Saturday May 10th at 9.00am at The University High School.
2. Interviews with shortlisted applicants and their parents/guardians.
